

Fully-Integrated Correctional Meal Delivery Systems

Fully-Integrated Correctional Meal Delivery Systems

What do we mean by “Fully-Integrated Correctional Meal Delivery Systems”?

Fully-Integrated All of the tray and cart options from one vendor ensures that the right number of trays fit in the right cart so that you deliver enough meals at one time. Everything is sized to work together.

Correctional Every product in this catalog was designed for the corrections environment. Hinder weapons making, hinder contraband hiding, durability for rough handling

Meal Delivery Systems Regardless of your process, we have a system that can support. Cafeteria feeding, In-cell feeding, Quick delivery, Max security lock-down, High population special housing units, etc. Free consultation available.

Check us out with no risk

- Free samples available for dinnerware
- Free equipment demo at your facility for qualifying applications

DINNERWARE

Correctional dinnerware is made to resist being made into a weapon. Copolymer material won't break into shards or sharpen into edges. It is made to be durable in a punishing environment. For the last 50 years JonesZylon has innovated to offer the best in class correctional dinnerware.

3-7 COMPARTMENT MEAL TRAYS

This broad line of meal trays offers proven solutions to any corrections application whether you serve in a cafeteria, transport to remote serving areas, or deliver to segregation units. All trays resist staining and scratching, are reinforced to maximize durability and have a unique slope angle to make each compartment look more full of food and easier to clean.

FEATURES

- » 400° F
- » No shatter
- » Most durable tray available

COPOLYMER CUSTOM COLORS AVAILABLE

POLYCARBONATE CUSTOM COLORS AVAILABLE

DINNERWARE

SmartTrays

SmartTrays are solid molded construction meal trays specifically designed to accommodate most menus, protect food, last longer and stack with stability to provide superior meal delivery.

SmartTrays

Item	Capacity/Oz.	Style	Copolymer	Flex	Dimensions	Brick	Choc	Case Qty
	5 Compartment	SMART-5	SMARTB-5	13.4 x 9.25 x 1.9"			12	

FEATURES of the SmartTrays

- » 5 food compartments to accommodate most menus
- » Compartments sealed off from one another to separate food
- » Sized to fit SmartCarts perfectly for efficient meal delivery
- » Tray bottom is the lid for the tray below it - No lids needed
- » Ample compartment height to keep food off of tray bottom
- » Can stack in either direction and without lids
- » Flatware compartment
- » Condiment compartment
- » Lids available for top of stack
- » Stock colors in Brick and Brown
- » Good heat retention

SmartTray LIDS

Item	Capacity/Oz.	Style	Copolymer	Flex	Dimensions	Brick	Choc	Case Qty
		5 Compartment	SMARTL-5	SMARTLB-5	13.4 x 9.25 x .86"			12

FEATURES of the SmartTray Lids

- » Compartment layout matches tray to seal off each compartment
- » Can use as the one lid on top of each stack of trays
- » Can also use a lid on each tray. Corner ribs on top help center each tray for a straight stable stack
- » 0.63" compartment height helps keep food from sticking to inside bottom of lid
- » Can interlock on a tray in either direction

Max-Flex blend

- » Proprietary polymer formulation
- » Too soft to easily fashion into a weapon
- » Material will tear instead of breaking
- » Optimized durability and stiff enough to resist wear
- » Withstands temperatures from 0 to 212°F
- » Significantly cheaper and more earth-friendly than silicon
- » Reusable and recyclable
- » Dishwasher safe and microwave safe

Copolymer (copoly)

- » Economical
- » Break, chip and crack resistant
- » Withstands temperatures from 0 to 212°F
- » Reusable and recyclable
- » Dishwasher safe and microwave safe

DINNERWARE

INSULATED TRAYS

The most durable insulated tray on the market!

- The enhanced design significantly increases wall thickness in the areas most vulnerable to fracturing, impeding water from getting inside the tray through cracks and holes.
- The corner plug is 'welded' in with a proprietary process that ensures a long lasting seal.
- The interior foam is modified with a hydrophobic additive that repels moisture, resisting your trays from becoming water-logged bacteria farms like other trays.

Competitor primary failure point

JonesZylon substantial and consistent wall thickness

INSULATED TRAYS

Item	Description	Capacity/Oz.	Lid	Dimensions	Teal	Buff	Choc	Brick	Case Qty
	PRTS-4001 Uni-Directional 4-Compartment			14-7/8 x 13-1/4 x 2-3/8"		✓	✓		12

STANDARD FEATURES

- » Compartments individually seal when stacked. Hot stays hot, and cold stays cold.
- » Material blend for superior impact resistance and durability
- » Interior bead around perimeter for added strength
- » Economate® foam system completely fills interior area
- » Temperature range; -40°F to 190°F; dishwasher safe
- » Meets FDA requirements as a multi-use product for public food service

MAX-FLEX PRODUCTS

MAX-FLEX dinnerware is blended to maximize safety and durability

SAFE The specially formulated resin provides the ultimate in safety for your officers and inmates. Guaranteed! You cannot create a dangerous weapon out of this material. Ultra-flexible, it can't be sharpened. When melted, it does not harden when cooled.

- Perfect for high security and suicide watch populations.

DURABLE Blended with other materials to increase durometer

- While maintaining the safety feature, the material properties are modified to resist cutting and wear.
- Perfect to replace Styrofoam clamshells. You can save a lot of money by switching to this reusable product. Contact your JonesZylon representative for a free cost model to calculate your savings.

Orange

Orange Buff

DINNERWARE

TUMBLERS, CUPS & MUGS

The Wave tumbler features a pattern of textured and smooth surfaces that provide a sure grip while reducing scratches. A smooth rim and smooth interior surface assures sanitary cleaning. Stacking lugs prevent sticking when stacking, even when put away wet and the 3-sided V-cut drain bottom speeds drying.

The Stacking Mug features a bottom ring that nests into the mouth of the mug below to allow straight, stable stacking. Wide, ergonomic handles allow for large fingers to have a comfortable grip.

EATING UTENSILS

SAFETY FLATWARE

Designed with a narrow neck to provide just enough strength to support a scoop of food yet too weak and flexible to easily be used as a weapon. The beaded edge provides for an easier grip.

BIG GRIP™ FLATWARE

It's as close as you can come to the heavy, rigid feel of real silverware. These comfortable-to-grip utensils feature handles that are thick and textured with ergonomic shapes.

Polycarbonate (polycarb) custom

- » Break, stain and scratch resistant
- » Reusable and recyclable
- » Dishwasher safe and microwave reheatable
- » Withstands temperatures from -40°F to 225°F

THE INCREDIBLE SPOONDLE

It's a spoon... It's a ladle... No, it's a spoondle™, a handy utensil for serving soups, potatoes, pastas, steamed vegetables and similar foods. This one comes with an interesting twist you won't find anywhere else. Its small bowl diameter prevents overfill, allowing for better portion control while the unique nose design allows you to get into the corners of the serving pan.

The JonesZylon spoondle™ is molded from a specially-formulated nylon material in bright colors, making it easy to distinguish different sizes.

You can't make weapons with JonesZylon spoondles™ as you can do with stainless steel products or replace them as frequently as you must with easier-to-break polycarbonates.

Item	Description	Dimensions Length	Choc	Green	Gray	Blue	Gold	Case Qty
	2 Oz. Perforated & Solid	11"	✓					6
	4 Oz. Perforated & Solid	11-3/8"		✓				6
	6 Oz. Perforated & Solid	11-7/8"			✓			6
	8 Oz. Perforated & Solid	12"				✓		6
	10 Oz. Perforated & Solid	12-1/4"					✓	6

FEATURES of the spoondles

- » Available in 2, 4, 6, 8, or 10 oz
- » Each size available in solid or perforated
- » Stackable
- » Spade-shaped head for much less waste in serving pan and superior portion control
- » Serving sizes marked on handle
- » Spoondles are color-coded by serving size
- » Comfort-grip handle and convenient hanging hole
- » Rigid, durable handle design
- » Break and stain resistance
- » Increased scratch resistance
- » Durable
- » Withstands temperatures from -40°F to 310°F
- » Dishwasher safe
- » Microwave safe
- » Reusable and recyclable

PRO TIP

Use perforated bottomed spoondles for thick foods like mac-n-cheese. The holes prevent suction from holding the food so it will fall right out.

HEATED & REFRIGERATED FOOD SERVICE EQUIPMENT

BULK FOOD HOLDING CABINETS

Prepare large batches of food and then hold in steam pans or on sheet pans until meal time. Keep the food at safe temperatures with active heat and active refrigeration. Multiple sizes/capacity to choose from. Mission Ready technology with removable heat boxes available. You can also use this equipment to transport bulk food from kitchen to satellite serving areas.

HEATED & REFRIGERATED FOOD SERVICE EQUIPMENT

MISSION-READY TECHNOLOGY

The latest innovation in meal delivery carts features a self-contained heating unit that is both removable and interchangeable among multiple carts, including the standard "hot box", large capacity meal delivery carts and smaller capacity carts. All Mission-Ready carts have "snap-in" and interchangeable heaters to maximize your uptime! Washing and maintaining your cart has never been easier.

All equipment is certified for UL, DOE, and NSF, and has 1 year parts and labor warranty.

MISSION-READY HEATED CARTS

This package is designed to 'harden' the most vulnerable components for especially abusive environments - casters, bumpers, hinges, electronic components.		

HEATED & REFRIGERATED FOOD SERVICE EQUIPMENT

STANDARD HEATED CARTS

The result of years of design optimization in the corrections environment focused on food safety and security, durability and ease of use. All stainless steel construction, fully insulated, corrections package. This is not a banquet cart with special fasteners, these carts are specifically designed for corrections applications from the casters up. Detailed specs available upon request.

Features		Dimensions	Capacity			
	» Small meal delivery cart maneuvers through tight spaces such as old doorways and elevators.	Height: 50" Width: 30.75" Depth: 35.13"	SEGREGATION TRAYS	Tray	Cavity	# Trays
	» 6" multi-terrain casters	» Digital controller/thermometer		PPST-9300/9400	3/4	84
	» 30¾" width fits most all doorways	» 120v / 1700w / 14.2amp		JZCC-5200	3	130
	» Easy to see over while pushing	» Top mounted convection air heat.		JZCC-4200	3	150
	» Top rail to transport tumblers, etc.	Can get without the heat to be an insulated ambient cart: JZA-6UBT				
	» Stainless steel mid-shelf					

JZPPST-28-30		Features	Dimensions	Capacity			
		» Heated cart to transport 30 mainline cafeteria trays (with or without lids) on slides. » 6" HD poly casters » Removable slide racks fixed at 3" spacing (can be customized) » Bottom mount radiant heat	Height: 61.34" Width: 27.75" Depth: 29"	TRAYS	Tray	Cavity	# Trays
					PPST-28	5	30
		» 120v / 1300w / 10.8amp » Digital controller/thermometer » Can get without the heat to be an insulated ambient cart: JZPPST-28-30-A					

JZH-1014-60		Features		Dimensions		Capacity

STANDARD DUAL TEMP CARTS

Dual Temperature Carts are used in applications where the meal is served in two different trays. Put the hot food in one tray and place it in the heated compartment of the cart. Put the cold food, flatware and condiments in another tray and put it in the other compartment of the cart which can be ambient or refrigerated. Push the cart to housing unit and hand inmate both trays.

JZ-120 Series

Features	Dimensions	Capacity			
» A large size dual temp cart to deliver 60 meals with one hot tray and one cold tray (cold side can be ambient or refrigerated). Can deliver as many as 126 meals with smaller segregation trays and stacked on floor with lids rather than using shelves.	Height: 64.75"	TRAYS	Tray	Cavity	# Trays on shelves / floor
	Width: 52.75"		PPST-9300/9400	3/4	120 / 160
» 6" multi-terrain casters (4 swivel with brakes, 2 rigid)	Depth: 29"		JZCC-5200	3	180 / 252
	(add 10.25" height for refrigeration compressor)	JZCC-4200	3	180 / 252	
» Recessed digital temperature controller / thermometer with security cover					
» Bottom mount radiant heat left side and top-mount refrigeration system right side					
» 120v / 1680w / 14amp / NEMA plug 5-20P (refrigerated)					
» Refrigeration certified to meet DOE regulations					
» Heated/Ambient or Heated/Refrigerated or Refrigerated/Refrigerated					
» 10 stainless steel shelves on removable racks					
» Side-mount recessed push handles					
» Tubular top rail					
» Full perimeter non-marking vinyl bottom bumper					
» 12-gauge heavy duty hinges and lockable transport latch					
This cart can be upgraded with the Heavy Duty package . This package is designed to 'harden' the most vulnerable components for especially abusive environments – casters, bumpers, hinges, electronic components.					

JZ-144 Series

Features	Dimensions	Capacity			
» An Extra-large size dual temp cart to deliver 72 meals with one hot tray and one cold tray (cold side can be ambient or refrigerated). Can deliver as many as 180 meals with smaller segregation trays and stacked on floor with lids rather than using shelves. Alternatively, can use to transport bulk food in hotel pans or on sheet pans » 8" multi-terrain casters <i>(4 swivel with brakes, 2 rigid)</i> » Removable racks fixed at 3" spacing <i>(use sheet pans as shelves)</i> » Side-mount recessed push handles » Tubular top rail » Full perimeter non-marking vinyl bottom bumper » Recessed digital temperature controller / thermometer with security cover » 12 gauge heavy duty hinges and lockable transport latch » Bottom mount radiant heat left side and top-mount refrigeration system right side » 120v / 1680w / 14amp / NEMA plug 5-20P (refrigerated) » Refrigeration certified to meet DOE regulations » Heated/Ambient or Heated/Refrigerated or Refrigerated/Refrigerated	Height: 66"	TRAYS	Tray	Cavity	# Trays on shelves / floor
	Width: 62.25"		PPST-9300/9400	3/4	144 / 264
	Depth: 31.75"		JZCC-5200	3	192 / 360
	<i>(add 10" height for refrigeration compressor)</i>		JZCC-4200	3	192 / 378

HEATED & REFRIGERATED FOOD SERVICE EQUIPMENT

EQUIPMENT OPTIONS AND ACCESSORIES

No two correctional facilities are the same and neither are two food service operations the same. Each application requires specific solutions to specific problems. Below you will find many options to customize how your food service equipment works for you.

GENERAL EQUIPMENT OPTIONS

Option	Description	Option	Description
	Uptime Maintenance Kit All the critical spare parts for your JZ equipment in one convenient tool box. Don't wait for parts to fix needed equipment.		Racks with Shelves / Slides Customize racks, slides and shelves to accommodate your process to load and unload food
	Heavy Duty Upgrade Package For high abuse environments harden the most vulnerable components to increase equipment durability		Cold Plates Freeze cold plates and place in mounting brackets of ambient section of a cart to keep food chilled longer
	Tow Package Full chassis all welded steel frame. Pin style hitch locks in the up position without hardware. Rated for 8,000lbs		Lock Tether Permanently chain pad locks to cart to prevent lock from being misplaced or stolen
	Brake Assembly "Deadman" brake assist engages when releasing push lever		Exterior Shelving Often used for beverage service, permanently mounted exterior shelves allow for maximum service versatility
	Premium Casters Get the right caster for your application. concrete; cracks; outdoor; potholes; towing, etc. (see page 15)		Drop-down Handle Hinged handle allows carts to be "pulled" at a safe distance from heels
			Floor Lock Easy access foot pedal to lock cart in place. Ideal for transporting carts in a box truck.

MISSION-READY SPECIFIC OPTIONS

Option	Description
	Spare Heater When heated equipment goes down, snap in a spare in seconds for Maximize Uptime!
	Bumper Guards Protect the heat box from impacts with horizontal objects with front edge mounted bumper guards
	Insulated Panel Substitute the heat box for an insulated panel to convert a heated cart to an ambient cart and vice versa
	JZH-198HD Upgrade your JZH-198 to a Heavy Duty version for high abuse environments
	Heat Box Lock Choose either heat box lock mechanism to be able to use your institution pad locks or key lock slam latch
	Spare Heater Cabinet Secure up to 8 spare heaters in a lockable stainless steel cabinet
	Shelves / Slides Add shelves and/or racks and slides to your cart to make it easy to load and unload meal trays

RACKS

DRYING RACKS

Full range of drying racks to accommodate mainline trays, insulated trays, segregation trays, tray lids, all sizes of steam table pans and lids, sheet pans, etc. Save space in your kitchen with high capacity drying racks. The unique plastic insert technology lowers initial costs, lowers replacement costs, is more sanitary. Extend the life of your trays by not running them over metal edges every day. Can mix-n-match plastic inserts to make a rack universal for multiple items. All heavy duty corrections construction.

4 SHELF INSERT DRYING RACK FOR INSULATED TRAYS OR SEGREGATION TRAYS

FEATURES of the ServeSmart Aluminum Carts

- » All welded aluminum
- » Bottom corner bumpers
- » 6" TPR casters
- » 4 sided top rail doubles as handles
- » Stainless steel dropdown latch, padlock-able
- » Sized to perfectly fit SmartTray for best tray capacity
- » 5 year structural warranty
- » Lifetime guarantee against corrosion
- » Low profile for clear view over the top during transport
- » Corrections grade durability and construction
- » Sanitary and easy to clean materials
- » Will hold temperatures as well as plastic insulated carts

ENCLOSED TRAY TRANSPORT CARTS FOR INSULATED TRAYS

Transport insulated trays within cabinet and drinks/misc. on top from kitchen to in-cell feeding area. Heavy Duty latch keeps food secured from theft. Using enclosed carts improves food temperature retention and gives you more time to deliver.

STANDARD DUTY

- » 5 Year structural warranty. Lifetime non-corrosion
- » All-welded corrections grade construction
- » Can easily see over during transport
- » Sanitary. Easy to clean to 'like new' appearance
- » 6" Poly casters (2 fixed, 2 swivel w/ brake)
- » 3-Sided top rail that doubles as a push/pull handle
- » Stainless steel dropdown latch, padlock-able

HEAVY DUTY

- » 5 Year structural warranty. Lifetime non-corrosion
- » All-welded aluminum corrections grade construction
- » Bracket and weld reinforcements throughout cart
- » 3 Heavy duty hinges per door
- » Full perimeter bottom bumper
- » Top corner bumpers
- » Can easily see over during transport
- » Sanitary. Easy to clean to 'like new' appearance
- » 8" Poly casters (2 fixed, 4 swivel w/ brake)
- » Center casters allow to turn on its own length
- » 4-Sided top rail that doubles as a push/pull handle
- » Stainless steel bolt latch, padlock-able

CASTER OPTIONS

HEAVY DUTY POLY

Heavy Duty polymer casters are for lighter carts and racks. They are hard for easy rolling over smooth surfaces.

Recommended for:

- » Drying and/or pan racks
- » Utility carts
- » Refrigerated holding cabinet

MULTI-TERRAIN

Multi-terrain Casters have some cushioning to better go over small cracks and joints such as tile and thresholds.

- » Meal delivery carts
- » Hot box

PREMIUM MULTI-TERRAIN

Premium Multi-terrain Casters are easier to push as both starting force and continuing forces are lower. They have superior cushioning to handle more severed cracks and are especially quiet. Their kingpinless swivel design make them the best option for towing. They are more durable, needing to be replaced less often.

- » Meal delivery carts
- » Hot box
- » Rougher terrain
- » Towing
- » Healthcare

CORRECTIONS HYGIENE/ADMISSION KITS
